Mail Stop Petition
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

RENEWED PETITION UNDER 37 C.F.R. § 1.181

Sir:

The Decision on Renewed Petition to Withdraw the Holding of Abandonment mailed September 22, 2005 for the above-referenced application indicates that requirements one and two for establishing non-receipt of an Office communication, have been satisfied by the Petitions filed by applicants April 13, 2005 and February 2, 2005. To comply with requirement three, which is that a copy of the docket record where the non-received Office communication would have been entered had it been received and docketed must be provided, submitted herewith is the following:

- Exhibit A: docket reports including all applications in applicants' attorneys' internal docket system which have a base date in the period May 24, 2004 through June 24, 2004;
- Exhibit B: docket reports including all changes to docket entries in applicants' attorneys' internal docket system for the period May 24, 2004 through June 27, 2004;
- a corrected amendment which complies with the requirements of the Notice of Non-Compliant Amendment dated May 24, 2004, which was not received by applicants' attorneys ("Notice");
- a petition for extension of time; and
- a check for the extension of time fee.

All mail received by applicants' attorneys is given to a docket clerk for docketing. As shown in the docket reports attached as Exhibits A and B, applicants' attorneys received many

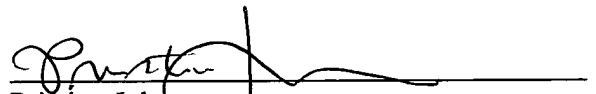

items of mail relating to patent applications from the United States Patent and Trademark Office in the period in which the Notice would have been received, e.g., from May 24, 2004 through June 24, 2004, however the Notice in the above-referenced patent application is missing from the docket reports. It is submitted that the Notice is missing from the docket reports because it was not received by applicants' attorneys. In light of the items submitted here and previously, reconsideration of the decision on the petition to withdraw the holding of abandonment in the above-referenced application is respectfully requested.

In the event that the Commissioner maintains the holding of abandonment in the above-referenced application, it is respectfully requested that this petition under 37 C.F.R. § 1.181 be converted to a petition to revive an application abandoned unintentionally pursuant to 37 C.F.R. § 1.137(b). It is submitted that the entire delay in filing the required corrected amendment, enclosed herewith, until the filing of this petition was unintentional. No terminal disclaimer is required for this petition because the above-referenced application is not a design patent application and was filed after June 8, 1995. If required, please charge the petition fee due under 37 C.F.R. § 1.17(m) to Deposit Account 02-4270.

If any additional fee is due, the Commissioner is hereby authorized to charge Deposit Account Number 02-4270.

Respectfully submitted,

Dated: 3/22/06
